---

**PROJECTS - CODE | SITE****Garaged App (2019) - [Github Repo](#)**

- Garaged was created to be an 'Airbnb-type' app, but for vehicles. Its purpose is for anyone with extra garage space to make a post in their city, which someone with a lack of space can then rent out for a fee
- Role included back-end design with setting up Bcrypt and Passport functionality, as well as heavy front-end design
- Tools / languages used: Node Express, Express Handlebars, Sequelize, Passport, Bcrypt, CSS, Bootstrap, API Cloudinary, jQuery, Chai, and Jest

**Serv App (2019) - [Github Repo](#)**

- This application is intended as a tool for small business owners in the service industry to connect with customers interested in their skills via a social media app which also utilizes a calendar to make appointments online
- Role included back-end heavy 3rd party API integration, building routes, building React forms and front-end design
- Tools / languages used: MongoDB, Express, React, Node, Material-UI, and Cloudinary

**Trip Planner App (2019)** - [Github Repo](#) | [Go to App](#)

- This app allows users to enter a city they are visiting, and they are then given a list of categories of places they can visit. From the selected list they are then shown a list of available activities or events that can then be saved to their calendar
- Role included back-end development, namely creating routes for data management, as well as integrating and testing all code from other project contributors
- Tools / languages used: MongoDB, Express, React, Node, Material-UI, and Cloudinary

**Pet Store Swagger App (2020)** - [Github Repo](#) | [Go to App](#)

- A standard React app created to showcase my current skillset
- Focus on functionality instead of design
- This app features React written with a functional and class component design to show flexibility
- PSA - Data is open to the public and can be anarchic

---

**EDUCATION**

- Vanderbilt University – Coding Boot Camp (Full Stack Web Development) Graduated Jan 2020
- 5 years Leadership in Sales mentoring program

---
